## 2. C-REFLECTORS

<b>PUNCH BLACK</b>	DIFF 1	Hard circular ray of light
<b>SKY BLUE</b>	DIFF 2	Medium circular ray of diffused light
<b>AMBIENT VIOLET</b>	DIFF 3	Soft circular ray of diffused light
<b>SUPER WHITE</b>	DIFF 4	Maximum diffused reflection

Precision manufactured aluminium coated surface, 97% reflectivity (only 3% loss) & 100% color rendering

## 3. GOOD TO KNOW

- Throw it over your shoulder, go wherever the job takes you with an easy to use, slick looking move bag right at your side.
- The foam interior will keep your C-Reflectors safe on the job and the Tyvek skin is rain proof. You can wipe the skin down if it gets dirty. Should the foam get wet, just unload all the CRLS gear and let it dry with all lids open.
- Please note, this Kit is optimized for its lightweight. If you need to put it on a truck or into cargo we offer a flightcase trolley to protect your move bag.

By purchasing this Kit you can access the LIGHTBRIDGE PRO forum to exchange thoughts with the community.

### MOUNTING

attach your C-Wheel or a C-Spigot via the easy access point of the Speedrail on the back of the C-Reflector.

### VISIT

our YouTube channel or [thelightbridge.com](http://thelightbridge.com) for videos on how to use the C-Reflectors and set-ups with the C-KIT MOVE.
