2. CINE REFLECTORS

- DIFF 1 ● Hard circular ray of light
- DIFF 2 ● Medium circular ray of diffused light
- DIFF 3 ● Soft circular ray of diffused light
- DIFF 4 ○ Maximum diffused reflection

Precision manufactured aluminium coated surface, 97% reflectivity (only 3% loss) & 100% color rendering.
Your C-Move has enough space to add two of your favorite Diffs in each size.

3. GOOD TO KNOW

- Throw it over your shoulder, go wherever the job takes you with an easy to use, slick looking movebag at your side.
- The waterproof and well padded Cordura Bag will keep your Cine Reflectors safe on the job

MOUNTING

attach your C-Wheel via the easy access point of the Speedrail on the back of the Cine Reflector.
